

Amateur Radio Technician License Study Class - February 2017

Get started in a fun hobby where you can communicate around the world or across town. This class is sponsored by the Maple Grove Radio Club - a service oriented club serving the Northwest suburbs by providing assistance to public safety, hospitals, parades, fun runs, bike tours, and antique car runs to mention a few.

This is a study class where we will assist you with your learning. That means that you are expected to study between classes.

When: Thursday's starting February 9th. Class usually runs ten weeks.

Class time 6:45 - 9:15 pm

Where: Maple Grove Fire Station #2 - Upper entrance

13450 Maple Knoll Way - Corner of Elm Creek Blvd and Maple Knoll Way

Cost: \$10 registration fee due first night of class. You will also need to purchase the Gordon West text book which is titled *Technician Class FCC Element 2 Amateur Radio License Preparation* for about \$22.

Details will be emailed to you after you register for the class.

To Register or get answers to your questions: Email registration@mnyarc.org

Please include your name, Address, and phone contact information as well as your email address.

The Technician License exam will be offered on the last night of class for an additional fee of about \$15.00.
